Parents of new or returning Trico K-12 students now have two options to register their children for school. Parents can register their children for school on Tuesday, July 26th and Wednesday, July 27th from 9-12, 1-3, and 5-8 PM at both buildings. Starting on July 18th parents have the option register their children online by visiting our website at www.trico176.org/ and clicking on the appropriate online registration link found on the left side of your screen.

Parents using the website link can then directly enter current student information, print, and complete all required registration documents from the convenience of home or the school's computer lab. Computer labs will be opened to the public to use during normal registration hours on July 26th & 27th. Those completed documents, school fees, and all other important documents can then be dropped off at either Trico Elementary or Trico JH/HS offices at regular registration dates and times.

The online registration process has been developed to save time and increase data accuracy for both parents and Trico office staff. We hope parents find the online registration process useful.
